

# Browser Settings

Before you get started, you will need to enable “pop-ups” in your browser to properly display the generated agreement files.

## Google Chrome

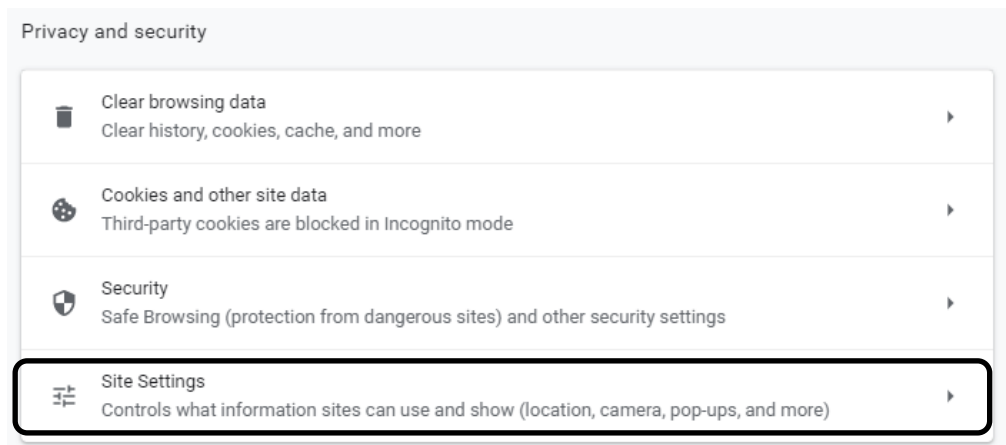

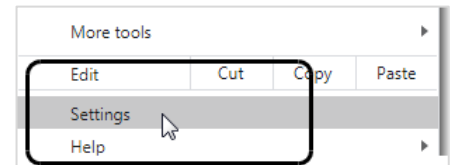

To get started, go to <https://cirro.tsdweb.com>. There are two ways to enable pop-ups in Google Chrome.

### Option 1: Allow Pop-Ups Direct from the Site

Click  the Pop-Up Blocked button, on the address bar. Select to allow pop-ups from <https://cirro.tsdweb.com/>

### Option 2: Enable Pop-Ups Through Settings

1. Open the Settings (  ) and click Settings from the options.
2. Under the Privacy and Security section, select **Content settings** (or **Site settings**).

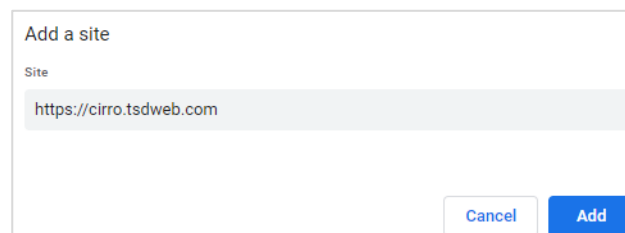

3. Scroll down and select **Popups and Redirects**. Then do the following:

a) Next to Allow, click **Add**.

Allow

Add

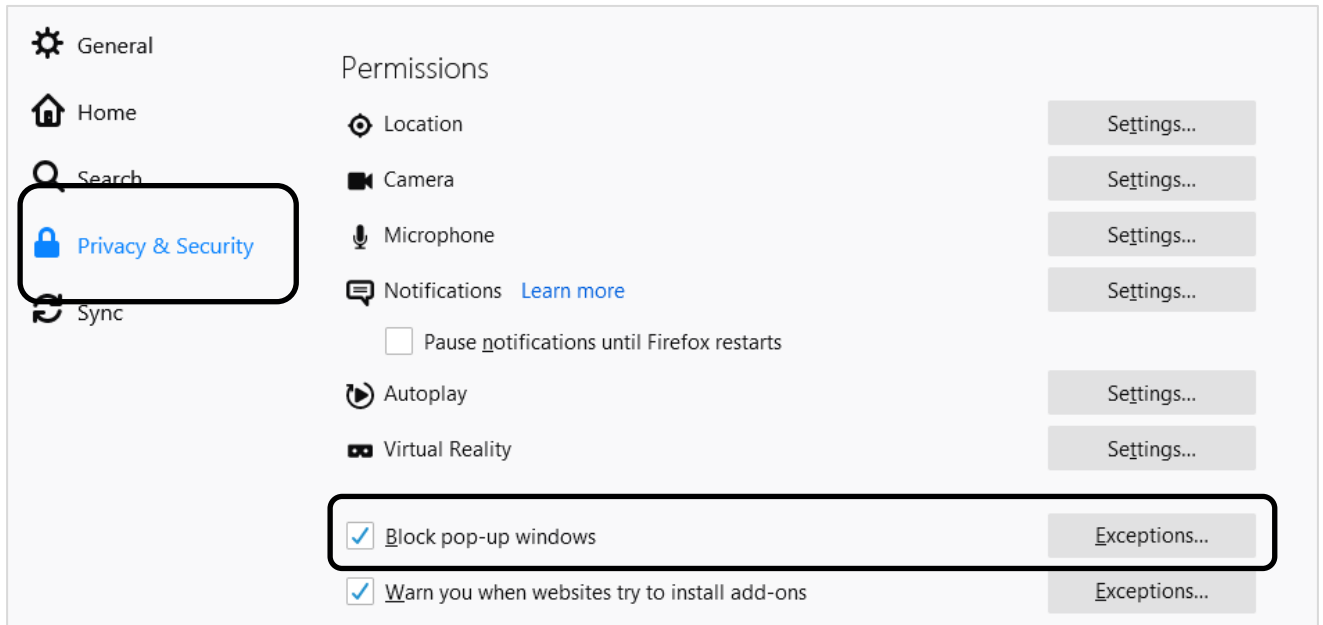

b) Enter <https://cirro.tsdweb.com> and click Add to finish.

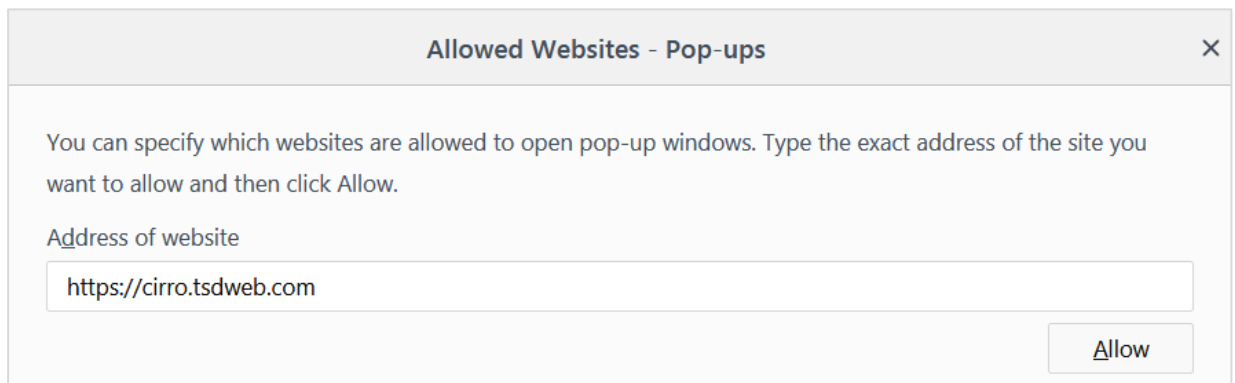

## Mozilla Firefox

To get started, open Firefox and go to <https://cirro.tsdweb.com>.

1. Select **Firefox > Options > Options**.
2. On the Options Menu, select the **Privacy & Security** tab.
3. Next to "Block pop-up windows", click **Exceptions**.

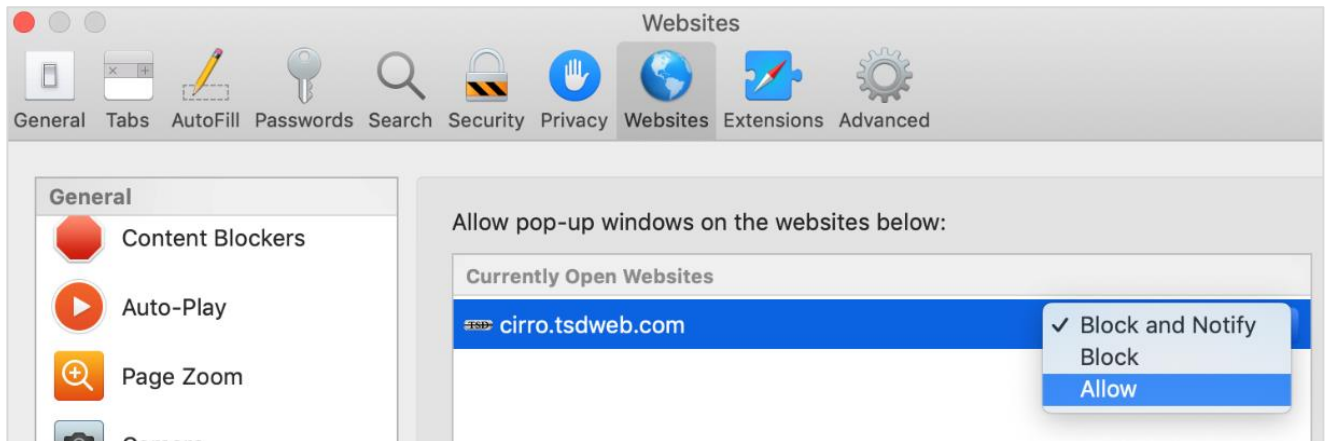

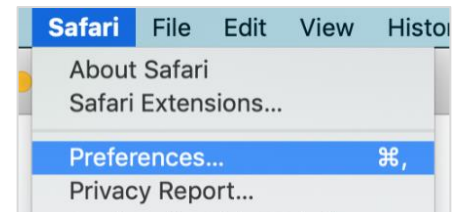

4. On the Allowed Sites - Pop-ups dialog, enter the URL <https://cirro.tsdweb.com> and click **Allow**, then click **Save Changes**.

## Apple Safari

To get started, open Safari and go to <https://cirro.tsdweb.com>

1. Click **Safari > Preferences**.
2. Select the **Websites** button at the top.
3. Next to the website, select **Allow** from the list to allow pop-up windows on the website.

## Microsoft Edge

1. In Microsoft Edge, go to <https://cirro.tsdweb.com>.
2. Select the Setting button (⋮) then select **Settings**.
3. Select the **Cookies and site permissions** tab, then select **Pop-ups and redirects**.
4. Next to Allow, click **Add**, then enter the URL <https://cirro.tsdweb.com> and click **Add**.
